Those are all of the ones I have. Maybe we have all of them.

Hi Scott,
I have this one, but I seem to be missing another possibly?? Attached is the set I have if you want to compare it against your set.
Thanks,
Mark

Subject: CFAC - Second Production transmittal letter

Hi Mark,

Attached is a copy of the transmittal letter that came with the disks of the second production from CFAC. The dates are confusing because they first sent boxes of hard copy files on Jan 2, then followed up with the same information on disks with this letter on Jan 8.

Can you confirm for me that this represents the only transmittal/cover letter that you were missing? I'll also send coding sheets for each 104e response to you shortly.

Thanks,

Scott Wilder
